Questions

A man and a woman are standing in an office, looking at a tablet together. The man is wearing glasses and a light blue shirt, and the woman has red curly hair and is wearing a black top with a patterned scarf. They are both looking intently at the screen of the tablet. The background is a blurred office environment with glass partitions and ceiling lights.

## Bell hit with \$1.25M fine for planting 5-star reviews for phone apps

Competition Bureau tells Bell to stop encouraging workers to write rave reviews

Canada's Competition Bureau has slapped Bell Canada with a \$1.25 million fine for encouraging employees to plant glowing online reviews for two company phone apps.

- » Bell says positive employee-planted reviews will stop, but critics unsure
- » Bell employees planted glowing online reviews of new Bell app

The legitimacy of online reviews has become a growing concern in the digital world where reviewers often remain anonymous.

The Bell and Virgin mobile apps were launched in November 2014 and immediately garnered four-star reviews on Apple's iTunes App Store and

## Bell Agrees To \$1.25 Million Fine After Fake Company App Reviews

THE CANADIAN PRESS

OTTAWA — Bell Canada has reached a deal with the federal Competition Bureau involving the anonymous posting of favourable reviews of company apps by Bell employees.

Under the deal, in which Bell also agreed to a \$1.25-million administrative penalty, the company has "affirmed its commitment not to direct, encourage or incentivize its employees or contractors to rate, rank or review apps in app stores," the bureau said Wednesday.

The issue came to light in November 2014 when certain Bell employees were encouraged to post positive reviews and ratings of the free MyBell Mobile app and Virgin My Account app on the iTunes App Store and the Google Play Store.
